Residents may go to any clinic on the list. You do not have to live in the township in which the clinic is held. If animals have been vaccinated for rabies any time in the past, pet owners must bring proof of prior rabies vaccine to receive a 3 year certificate. Dogs must be on a leash or in a carrier. Cats must be in a carrier or closed container with ventilation. Neither the municipality nor the County Health Department is responsible for animals that get away. For more information call the Health Department at 856-327-7602.
